

HousingWire Announces the 2024 Tech100 Mortgage and Real Estate Honorees

February 1, 2024

DALLAS, Texas — HousingWire has announced the 2024 Tech100 honorees, recognizing the most innovative technology companies in the housing economy.

Now in its 12th year, the Tech100 program provides housing professionals with a comprehensive list of the most innovative and impactful organizations in the industry. The list can be leveraged to identify partners and solutions to the challenges that mortgage lenders and real estate professionals face every day.

“The technology capabilities and solutions that this year’s Tech100 winning organizations have developed are an absolute testament to the relentless innovation within the real estate and mortgage technology landscape,” HW Media Editor in Chief Sarah Wheeler said. “These past few years have been transformative for the industry and these honorees are continuing to bring long-awaited solutions to the challenges that mortgage and real estate professionals have struggled with for decades. Congratulations to all the deserving winners for their outstanding contributions to our ever-evolving industry.”

Each year the Tech100 program has continued to expand, and the applicants increase in caliber and innovation as the demand for technology in housing continues to progress. For another year, the Tech100 program has been presented in two groups — Tech100 Mortgage and Tech100 Real Estate — to highlight the innovation and achievements of organizations from both sectors.

“One of the most exciting parts of my role at HousingWire is having a front row seat to witness stunning innovation in mortgage and real estate,” said Clayton Collins, CEO of HW Media. “HousingWire is dedicated to serving housing professionals with the full picture, and the full picture isn’t complete without deep and insightful coverage and resources to help mortgage and real estate professionals uncover the innovators and solutions that drive growth and efficiency in the housing sector.”

About HousingWire

HousingWire is an information services company that provides unique data and research, respected business journalism and must-attend events for housing leaders to use to advance their understanding and business outcomes. Our vision is a world in which housing leaders have a complete view of the housing market, and a broad community of peers with whom they can connect. We are committed to delivering the data, analytics, media, and events that advance this vision.

Because housing is too important for narrow perspectives and missed connections. Informed housing leaders are better housing leaders. A connected housing industry is a better housing industry. And the full picture always reveals new opportunities.
